Life Insurance Q&A for Customers

PRODUCTS FOR INDIVIDUALS

Q. What kind of insurance products do you have for individuals?52

FROM APPLICATION TO CONCLUSION OF A POLICY

Q. I would like to know about the procedures upon enrollment.....56

PROVISION OF INFORMATION DURING THE TERM OF A POLICY

Q. I would like to verify the types of insurance policy that I have and the content of my policy.....58

SUBMITTING INSURANCE CLAIMS AND BENEFITS

Q. How do I file a mortality insurance claim?60

Q. How do I file a claim if I am hospitalized and/or have surgery?60

Q. I was told that my insurance claims and benefits were ineligible for payment. Who should I contact?61

STRENGTHENING THE UNDERWRITING AND INSURANCE CLAIMS AND BENEFITS SETTLEMENT SYSTEM AND EXPANDING EXPLANATION

Q. What is the system for the regular payment of insurance claims and benefits?62

INSURANCE CONSULTATION AND INQUIRIES

Q. Who can I contact and address any inquiries to regarding insurance?.....65

Q. What is Nippon Life's solicitation policy?70

Q. Will my personal information be safe?71

TO CORPORATE MANAGERS

Q. I am the owner of a company. How can I offer improved benefit plans to executives and employees?72

What kind of insurance products do you have for individuals?

■ Nippon Life Product Lineup

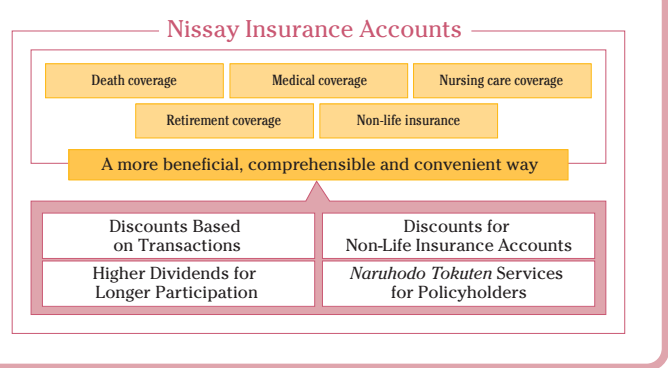

Nippon Life strives to offer services and develop products with primary emphasis on providing truly useful coverage for customers.

The areas that customers want to prioritize when choosing coverage vary according to their life stages. Furthermore, lifestyles have been diversifying in recent years; people are getting married later in life and an increasing number of people are remaining single, leading to growth in the number of households where more than one member holds down a job.

To respond thoroughly to such diversifying customer needs, Nippon Life has reviewed and, where appropriate, improved its product lineup of death coverage, medical and nursing care coverage, savings and retirement coverage, coverage for children and other products. We combine these to supply customers with comprehensive, well-balanced coverage according to their needs.

Nissay Insurance Accounts

Customers are able to subscribe to services free of charge, and Nippon Life considers Nissay Insurance Accounts to be the centerpiece of its product and service strategy as a service that consolidates life and non-life insurance, including mortality, medical and savings coverage, under a single umbrella. Thus, customers can easily confirm their insurance holdings and pinpoint areas where they might have either too much or too little coverage. It also simplifies the procedures that customers have to go through. Furthermore, premiums are discounted when policies are consolidated.

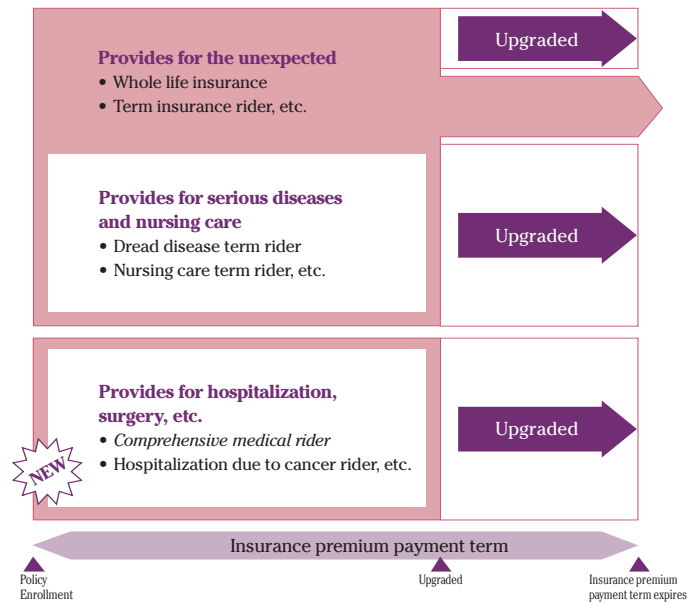

■ Life Insurance Products

In October 2008, Nippon Life launched the *Comprehensive Medical Rider*, a medical rider that included hospitalization and surgical coverage. This rider has since been upgraded to the *Mirai Support* series, a comprehensive medical product with the aforementioned medical rider attached. In addition to providing coverage in case of unforeseen circumstances for one's whole life, this product offers a lump-sum payment for the designated three dread diseases and nursing care coverage over a fixed period, thereby providing future support for the customer and his or her family by ensuring full hospitalization and surgical coverage.

Diagram

Launched in April 2009, *My Medical EX* offers medical coverage that meets the medical needs over a wide-ranging period from youth to advanced age. This medical insurance product provides full coverage, including for hospitalization and surgery, that is simple and easy to understand. Through the addition of the Serious Disease Rider, coverage is provided for the three dread diseases, serious designated lifestyle diseases, transplants and other conditions.

This product provides coverage from the time a child first enters school through to higher education and graduation. It provides for the day-to-day healthy growth of children, special payments timed to the child's entering school and graduating as well as an education annuity in the event that something unexpected should happen to the policyholder, exempting further premium payments.

This is a long-term life insurance policy for company owners with coverage lasting until the age of 100. It provides for business insurance capital in cases where unforeseen circumstances affect the owner and also serves as a provision for retirement bonus at the time the owner steps down.

An annuity that systematically compiles funds to ensure comfort in the post-retirement years. This policy helps policyholders put aside funds to cover living expenses during the gap between retirement and becoming eligible for public pensions. Supplements public pensions and helps put aside funds for post-retirement life.

● Single-Payment Products

For customers with funds on hand, by paying an insurance premium equivalent to the full amount of their insurance policy at the time of

application, they obtain a greater asset formation benefit than if they pay at fixed intervals.

Whole Life Insurance Ex (Single Payment) My Stage Ex

A product that combines asset formation capability with coverage over the insured's whole life.

Nenkin Meijin Ex (Single Payment)

An annuity that systematically compiles funds to ensure comfort in the post-retirement years.

Nissay Endowment Insurance Ex (Single Payment)

A product that ensures peace of mind coverage in addition to asset formation with term coverage.

■ Non-Life Insurance Products

Nippon Life sells non-life insurance as an agency of Nissay Dowa General Insurance Company Limited. Long-term automobile insurance *Long* extends the coverage period of our existing *Pittato-Kun* and *New F-PAP* automobile insurance to three years (or two years) and does not require annual renewal. The policies provide a number of advantages

to customers. The total of insurance premiums are lower than those for policies that must be renewed annually and, even in the event that the insured is involved in an accident, the insurance premium established at the time of policy application does not change.

*The above material gives a product (riders) overview and does not include all information related to the policy. When considering a policy, please be sure to confirm by reading pamphlets, policy guides, reminders, *Policy Clause—Bylaws/Terms and Conditions* and other materials.

■ Overview of Main Products for Individual Customers (as of July 2009)

Main Policies

• Death Coverage / Medical Coverage

Type of Insurance	Summary	Product Name
Whole life insurance*	Insurance that guarantees coverage over the insured's whole life	Nissay Whole Life Insurance <i>EX</i> Whole Life Insurance <i>Nice Day EX</i> Whole Life Insurance <i>Seicho-Nikki EX</i> Whole Life Insurance <i>Ist Run EX</i> Whole Life Insurance <i>My Stage EX</i>

Policies with policy dates after April 2, 1999, that were also sold at the start of Nissay Insurance Accounts.

All features of the Nissay Insurance Accounts apply, namely discounts based on transactions, higher dividends for longer participation (only Nissay Cancer Insurance *EX* pays no dividends) and *Naruhodo Tokuten* services for policyholders.

2. Products denoted with * have a *Key Man* plan (when policy is in the name of a corporation) that provides a death benefit if the insured executive dies, as well as a fund for the executive's retirement benefit.

Riders

• Living Benefit Riders

Name of Rider	Summary
Serious Disease Rider	Rider providing coverage for the three dread diseases, serious designated lifestyle diseases, transplants and other conditions
Dread Disease Term Rider	Rider providing coverage for the three dread diseases: designated malignant neoplasm (cancer), acute myocardial infarction and cerebral stroke
Recurrence Dread Disease Term Rider	Rider providing coverage for the recurrence of the three dread diseases: designated malignant neoplasm (cancer), acute myocardial infarction and cerebral stroke
Illness & Disability Term Rider	Rider providing coverage for specified disability due to illness
Nursing Care Term Rider	Rider providing coverage for specified conditions that require nursing, such as being bedridden
Insurance Premium Waiver Rider	Rider that waives premium payments in one of the following situations: one of the three dread diseases, specified disability due to illness or specified condition requiring nursing care
Living Needs Rider	Rider providing full or partial mortality insurance claims when the insured is determined to have six months or less to live (the amount to be paid is the amount of insurance selected by the policyholder minus an amount equivalent to six months of interest and premiums)

•Accident and Medical Riders

Name of Rider	Summary
Accident Rider with Extra Premium	Rider providing coverage for death/specified serious disability due to accident
New Injury Rider	Rider providing coverage for death/specified disability due to accident
Limited Injury Rider	Rider providing coverage for specified injuries (broken bones, joint dislocation, severed tendons) due to accident
Comprehensive Medical Rider	Rider providing coverage for specified surgery and hospitalization from one night and two days due to disease or accident
New Hospitalization due to Cancer Rider	Rider providing coverage for specified hospitalization, surgery and post-hospitalization care directly related to cancer
New Juvenile Hospitalization due to Accident Rider α	Rider providing coverage for specified hospitalization of a child due to accident that lasts five days or more
New Juvenile Hospitalization Medical Rider α	Rider providing coverage for specified surgery on a child due to illness or accident, and for specified hospitalization due to illness that lasts five days or more

•Riders Focused on Death Protection

Name of Rider	Summary
Term Insurance Rider	Rider providing coverage for death/specified serious disability for a certain period
Term Life with New Survival Benefit Rider	Rider paying survival benefit every two or three years in addition to coverage for death/specified serious disability
Term Rider Annualized Payment	Rider paying annuity for a set period for death/specified serious disability

Types of Insurance and Additional Riders

By attaching riders to a main policy, insurance coverage can be designed to meet the needs of each individual customer. (When a rider is added, there is a prescribed limit to the addition of riders according to age and the variety of riders that can be added at any one time. Some riders may not be added, depending on the riders that the policyholder has already attached and the method of payment for the main insurance policy to which riders have been added.)

Please refer to the “*Guide to Types of Insurance*” or the Nippon Life website for information about types of insurance and rider additions.

→ http://www.nissay.co.jp/okofficial/kojin/syuhin/tokuyaku/pdf/tokuyaku_huka.pdf (Japanese only)

Guide to Types of Insurance

*The material on pp. 54 and 55 gives a product (rider) overview and does not include all information related to the policy. When considering a policy, please be sure to confirm by reading pamphlets, Policy Guides, Reminders, *Policy Clause—Bylaws/Terms and Conditions* and other materials.

Q *I would like to know about the procedures upon enrollment.*

General procedures and information disclosure at the time of enrollment in an individual insurance policy are mainly as follows.

Tell us what kind of coverage you want.

Product pamphlet

Examine the plans by referring to the prospectuses (policy guides) and product pamphlets.

Reconfirm that the content of the product you are applying for is what you actually want.

Fill out the Plan Confirmation Document and reconfirm before applying that the product is what you really want. We ask that the policyholder or insured party fill out the forms themselves and affix their personal seal to the application form. We also ask for them to certify with their personal seals that they have received the *Especially Important Notifications* and *Policy Clause—Bylaws/Terms and Conditions*. (See p. 57.)

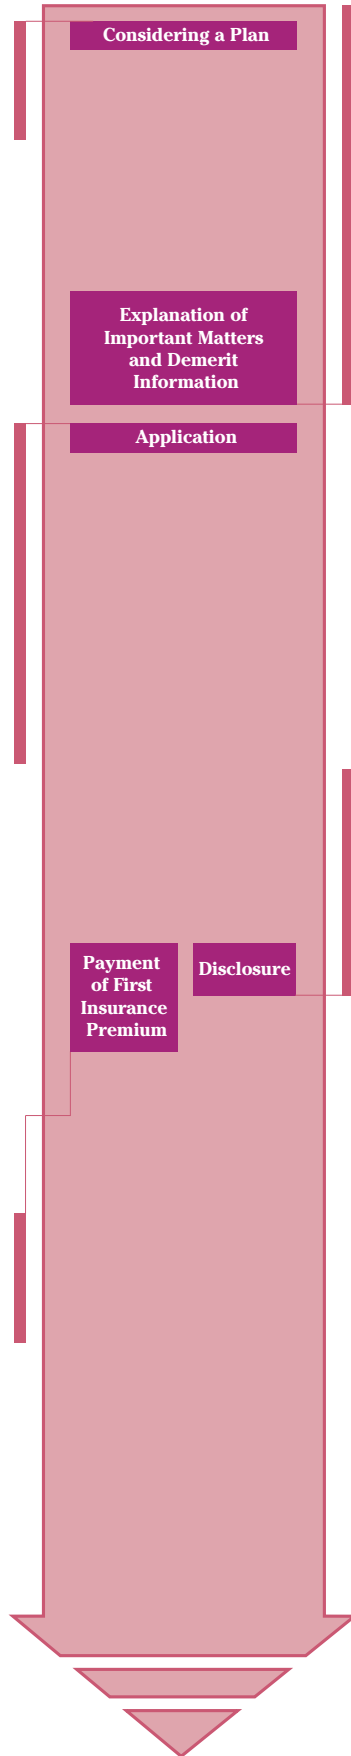

Plan Confirmation Document

Policy Clause—Bylaws/Terms and Conditions

Upon completing the application, we ask customers to make their first premium payment.

We accept cash, credit and debit card payments.

Before proceeding with the application procedure, we ask for your confirmation.

To prevent unreasonable loss for customers due to a lack of information, Nippon Life has prepared a pamphlet entitled *Especially Important Notifications** that explains items we would especially like customers to confirm, such as product details, disclosure obligations, examples of when insurance claims and benefits cannot be paid and other items. The pamphlet is given to customers along with *Policy Clause—Bylaws/Terms and Conditions*.

**Especially Important Notifications* includes prospectuses (policy guides) and reminders.

Prospectuses (policy guides)

Reminders

Provide accurate information about your health, occupation and others.

When the insured is filling out the disclosure document with information about his/her medical history and current state of health, or when answering questions posed by a doctor designated by Nippon Life during an examination, please provide accurate and complete answers.

Example of completed disclosure form

Duty of Disclosure and Penalties for Nondisclosure

Policyholders and insured persons are required to disclose accurate and complete information regarding their health condition. Please be aware that in the event that facts are not disclosed or inaccurate information is provided, whether intentionally or by gross negligence, the policy or rider may be cancelled on the grounds of nondisclosure, and Nippon Life might not pay insurance claims and benefits.

Commencement of Policy Coverage

Once a customer agrees to have Nippon Life underwrite their insurance policy, policy coverage commences from the moment of the first premium payment and upon the completion of the disclosure process.

Confirmation of Policy Content

Nippon Life employees or parties entrusted by Nippon Life may phone or visit policyholders, the insured and beneficiaries in order to confirm the content of application forms, disclosure forms or content of requests for insurance claims and benefits payments. Regarding the medical condition of the insured, Nippon Life may also make inquiries and otherwise seek confirmation through the doctor who examined the insured.

Life insurance is a system wherein a large number of people, through insurance payments, mutually support one another. In order to maintain fairness between policyholders, decisions about underwriting are made based upon the content of the application and disclosure forms.

Confirmation of Insurance Certificates

Once a policy is underwritten, Nippon Life sends the insurance certificate to the policyholder. We ask the customer whether or not there are discrepancies between the information provided on the insurance certificate with that provided at the time of application. In the event that the policy content differs, or if you have any questions, please return the "Policy Content Confirmation Request" form that was enclosed with the insurance certificate by post or contact Nippon Life directly.

Cooling Off System

- Under what is known as the cooling off system, applicants and policyholders may withdraw their applications or cancel their policies by submitting a written request within eight days from the later date of either the application date or the date they received the receipt for their first insurance premium. In this case, written requests must be postmarked within eight days of the above-mentioned period and sent to the sales offices or Life Plazas that handled the application or policy.
- In the event that the application for the policy is withdrawn or the policy is cancelled, the amount that was paid shall then be returned in full.
- The cooling off period does not apply after an examination by a doctor designated by Nippon Life or when the customer is a corporate client, or to policy changes once they have taken effect (an addition or increase of coverage amounts for riders, etc.) or to policy reinstatements.

After enrollment, keep Policy Clause—Bylaws/Terms and Conditions within easy reach.

Policy Clause—Bylaws/Terms and Conditions contain critical information about the policy and various procedures. As such, it is an extremely important set of documents that must be consulted not only during the application process, but during the term of the policy. Terms and conditions of the policy dictate the agreement from policy

enrollment to expiration and contain information about claims receiving as well as the processing of premium payments and also explain about the invalidation of the policy in the event of premium nonpayment and the handling of policy cancellations.

In the event that the policy is invalidated, we are unable to pay insurance claims and benefits.

"Invalidation" means that the policy loses its validity when no premium payment is made after the grace period for premium payment has ended.

To avoid invalidation of your precious policy...

We will send you, as the policyholder, a notification informing you of uncollected premiums. In the event that no premium payment is made during the grace period, Nippon Life will be reimbursed for the missing premiums through the Automatic Premium Advance System. (In some cases, depending on the type of policy and the number of years the policy has been in force, we may be unable to obtain reimbursement.)

If your policy is invalidated...

We will send you, as the policyholder, a notification informing you of the invalidation. The policy will be either "reinstated" or "cancelled."

Reinstatement: This means returning the policy to its original pre-invalidated state within three years (variable insurance and medical life insurance [individual type] within three months) of the date of the invalidation (including the invalidation date) based on prescribed procedures. All unpaid premiums must be paid by the time of reinstatement. In some cases, reinstatement is not possible due to the health condition of the insured.

Cancellation: If invalidated policies have surrender benefits, they will be paid.

Q I would like to verify the types of insurance policy that I have and the content of my policy.

The term of a life insurance policy is long. To ensure that insurance claims and benefits are filed for without error, it is important to confirm the content of the policy during its term and that the insured person and

the beneficiary (or designated proxy, see p. 60), and not just the policyholder, understand the policy content. In this section, we will tell you how to confirm policy content during the policy's term.

Sending Policy Details Reminder by Mail

Once a year, we provide customers with easy-to-understand information regarding their existing insurance coverage as well as the financing and services available to them based on the policies in which they are enrolled.

<In the case of individual policies>

- For customers enrolled in a single policy, we send notices approximately one month after the anniversary month of the policy.

- For customers enrolled in multiple policies, information is summarized in one notice and sent in the earliest month after April following the month of initial policy enrollment.

In each case, for customers who enrolled in policies during April or May, such information is sent in July due to dividend-related matters.

Anniversary Month of the Policy: After enrollment in a policy and during the policy's term, the anniversary month of the policy marks the day of initial policy enrollment thereafter.

Notices of Policy Details (For individual policy)

For customers enrolled in multiple policies, information is summarized in one notice

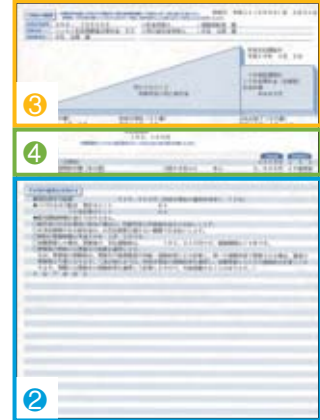

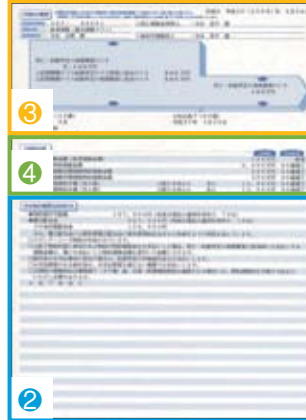

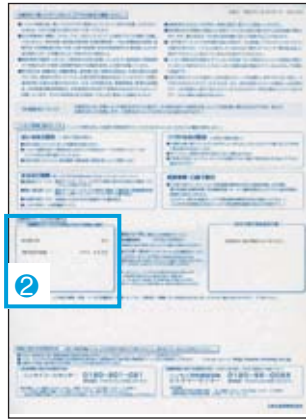

Notices created for each single policy

Address and list of policies taken out

Structure of the Nissay Insurance Accounts, fund information

Policy information (Example: Whole life insurance with term insurance rider)

Policy information (Example: Annuity)

- 1** Lists the life and non-life insurance policies taken out
- 2** Lists the various financing services that are available to customers (amount of accumulated dividends, deferred special payment, deferred insurance amount, policy loan limits, etc.); Shows the amount and interest rate in the event that policy loans or insurance premiums are reimbursed

- 3** Explains policy content, including coverage periods and coverage amounts, using easy-to-understand diagrams
- 4** Shows existing policy and coverage content

*Customers with Nissay Insurance Accounts can view all the details of their entire insurance policy at our website at "Special Policyholder Services (Policy Details Inquiry)." (See p. 59.)

Nissay Total Partners Deliver: Information on "Consistent Protection. Superior Services."

Policies that customers are enrolled in are presented in an easy-to-understand format using color-coded diagrams. Customers can also confirm the surrender benefits and policy loan limits as of the date of confirmation.

- Coverage amount/Coverage content: The amount of insurance claims and benefits that will be paid and for what purpose
- Coverage/Renewal period: How long coverage is for
- Insurance premium: How much has been paid and how much needs to be paid after policy renewal
- Services and riders that are available free of charge, introduction to procedures and their use

Information on "Consistent Protection. Superior Services"

3 Life Insurance Q&A for Customers

Other Important Notices

In addition to the preceding, Nippon Life provides a variety of notices including Certification of Life Insurance Premium Deduction, Notice of Change in Discount Based on Transactions and others. Each of these are

important notices, so we kindly request that our customers carefully confirm the content.

Provision of Information upon Conversion of Policies

When a customer is considering a policy conversion, Nippon Life explains how to review policy coverage using handouts of Comparative Prospectuses that describe policies before and after conversion. We ask that you take out a policy only after you have fully understood its content, terms and conditions.

Comparative Prospectus

Confirmation of Policy Content via the Internet

Customers can conduct a variety of procedures on the Nippon Life website, such as confirming their policy content, changing addresses and conducting financial transactions, including policy loans.

We are expanding the number of procedures that may be easily completed over the Internet outside of regular business hours of Nissay Total Partners, service counters and call centers.

Available Services

- Inquiries regarding the contents of life insurance and non-life insurance policies
- Change of address or telephone number
- Change in name (some procedures for family name changes, etc.)
- Change of premium payment method (number of payments)
- Requests to change accounts through which premium transfers are made
- Reissue of Certification of Life Insurance Premium Deduction
- Registration or change of PIN number for Nissay Insurance Accounts
- Withdrawals for policy loans, accumulated dividends, deferred insurance payments, etc.
- Repayment of policy loans*
- Payment of premiums after the initial premium,* etc.

*Customers may pay by bank transfer from a Net banking service or, upon completion of online procedures at the Nippon Life website, at a convenience store.

• Available Net Banking Services

The Net banking services of the following banks may be used: Japan Net Bank, Limited, Mizuho Bank, Ltd., Sumitomo Mitsui Banking Corporation, The Bank of Tokyo-Mitsubishi UFJ, Ltd. and Japan Post Bank Co., Ltd.

• Available Convenience Stores

The following convenience stores may be used: Seven-Eleven Japan Co., Ltd., Lawson, Inc. and Seicomart Company, Ltd.

*Certain procedures can be carried out using the Internet via mobile phones. (See p. 68.)

SUBMITTING INSURANCE CLAIMS AND BENEFITS

In the event of hospitalization, surgery or other unforeseen circumstances that may warrant the payment of insurance claims or benefits, the first thing to do is to contact us either through your Nissay Total Partner (Sales representative) or by visiting a nearby service counter or telephoning one of our call centers.

To prepare for the unexpected, please confirm the details of your policy and make sure that the insured person and the beneficiary (or designated proxy) also understands the details of the policy. (See p. 58.)

In the event that you wish to submit claims for payment against more than one policy or rider, you must submit a separate claim for each policy and rider. The documents required vary according to the nature of the payment request. Therefore, please confirm that you are providing the correct forms in advance of submitting your claim.

How do I file a mortality insurance claim?

The beneficiary himself or herself should file a mortality insurance claim.

Items that must be communicated when submitting a claim:

- Insurance certificate number (all certificate numbers in the case of multiple policies)
- Possession or non-possession of insurance certificate
- Name of insured person
- Date and cause of death (name of illness in the event of death due to illness, circumstances of accident in the event of death due to accident)
- Name of beneficiary of mortality insurance claim, name of person filing the claim, relationship to the insured person and contact information
- Confirmation of hospitalization and/or surgery before death

How do I file a claim if I am hospitalized and/or have surgery?

The insured person should personally file any claim for hospitalization and/or surgery benefits. In the event of the death of the insured, his/her lawful heir(s) should submit the payment request. However, in the

event that such heir(s) is (are) unable to submit a payment request of their own volition, a designated proxy may submit the claim.

Items that must be communicated when submitting a claim:

- Insurance certificate number
(all certificate numbers in the case of multiple policies)
- Name of policyholder
- Name of insured person
- Name of person who was hospitalized and/or underwent surgery
- Reason for claim (illness, traffic accident, other accident)
- Content of claim (hospitalization, surgery, outpatient services, etc.)
- Date of hospitalization and discharge
- Confirmation of outpatient services following discharge
(in the event that a claim is being made for outpatient benefits)
- Date of injury (in the event that a claim is being made for hospitalization due to accident benefits)

The "Self-Check Sheet" helps you confirm the coverage that you require ahead of time. (See p. 61.)

Have you completed the procedure for designating a proxy? (Designated proxy system)

The designated proxy system is a system whereby a designated proxy may request the payment of benefits on behalf of the beneficiary in the event that the beneficiary is unable to request payment of his/her own volition, or in the event that circumstances designated by policy clauses occur. A designated proxy must be selected in advance through prescribed procedures.

This system may also be applied to your existing policy. Because the registration of a proxy must be performed in advance, please bring your insurance certificate and your officially registered personal seal to your Nissay Total Partner (sales representative) or local service counter. (Service not applicable to corporate policies)

Scope of people who may be designated (insured person must agree)

- Spouse, direct kinship or sibling listed on the family register of the insured person in the main policy
- Relatives within the third degree of kinship who reside with or who are listed as dependents of the insured person on the main policy

On behalf of the insured person (in the case of juvenile insurance, the policyholder), the designated proxy may apply for the insurance claims, annuities and benefits for which he or she is the beneficiary.

- (For example)
- Serious disability insurance claims
 - Rider providing coverage for the three dread diseases
 - Individual annuities
 - Hospitalization benefits, etc.

The Following Items to Help You Apply for Insurance Claims and Benefits are Available

Customers may request copies from their sales representative Nissay Total Partner or from their local service counter.

Self-Check Sheet

This is a check sheet to fully confirm claim contents when submitting or consulting about insurance claims and benefits.

Booklet: About the Receipt of Insurance Claims and Benefits

This booklet explains the procedures for requesting insurance claims and benefits, as well as examples of circumstances in which payments may or may not be received.

The Self-Check Sheet and *About the Receipt of Insurance Claims and Benefits* are also posted on our website .

➔ <http://www.nissay.co.jp/okofficial/global/topics/hokinuketori.html> (Japanese only)

Booklet: Guidance for Full Usage of Policies

This booklet, which contains typical examples of common errors made when filing claims, will help you successfully submit insurance claims and benefits.

All Steps Involved in Requesting the Full Payment of Claims and Benefits

This pamphlet is mailed to customers, along with the Policy Details Reminder, and summarizes the principal grounds for the payment of riders and typical examples of common errors made when filing claims.

I was told that my insurance claims and benefits were ineligible for payment. Who should I contact?

Nippon Life established a Complaint Call Center for policyholders to call regarding the payment of insurance claims and benefits if they are dissatisfied with the explanation provided by the sales representative. For customers who wish to consult with a third party, we have also

established the Request System, whereby we introduce these customers to lawyers outside of the Company (lawyers with whom Nippon Life has not concluded advisory agreements) for free consultations.

Use of the Request System in Fiscal Year Ended March 31, 2009

	Number
Number of cases where Request System was used	25
Number of cases deliberated at the Claims-Related Services Review Session due to requests for review arising from the Request System	9
Number of cases where a review decision or other appraisal was changed after advice was received as a result of deliberations at the Claims-Related Services Review Session	1

Claims-Related Services Review Session: When a customer files an objection regarding the payment of insurance claims or benefits, the Claims-Related Services Review Session, which was established in June 2006 and serves as an advisory body, reviews the appropriateness of the claim and makes recommendations to the payment divisions based on its findings. Two lawyers from outside of the Company (operating outside the Request System) are appointed as the chair and vice-chair of this committee, which meets, in principle, every month.

What is the system for the regular payment of insurance claims and benefits?

To provide the proper payment of claims and benefits and to gain the trust of customers, Nippon Life makes every effort to ensure the fair and appropriate assessment of policy underwriting, insurance claims and benefits settlements.

- When underwriting policies, assessments are based upon the health of the insured person. In some cases, Nippon Life secures the agreement of the applicant regarding particular conditions (higher premiums, lower coverage, exclusion of certain areas of the body from coverage, etc.) and underwrites policies under terms and conditions different from those in the original application. In some cases, Nippon Life refuses to underwrite policies.
- When insurance claims and benefits are paid, assessments are made based on the details presented in the claim at the time it is submitted. Payment may be refused depending on the findings of the assessment. (See p. 63.)
In light of requirements for the appropriate assessment of various medical and moral risks, Nippon Life is stepping up its training of assessment specialists and strengthening administrative systems.

■ Enhancing the Training of Assessment Specialists

Nippon Life has introduced a structured training system for developing assessment specialists responsible for policy underwriting and insurance claims. It also conducts in-house examinations and provides training in essential medical and legal knowledge. Furthermore, we added underwriting as one of our business goal courses for employees from the fiscal year ended March 31, 2008 as we work to develop personnel that have highly specialized skills.

A total of 1,096 employees passed the Life Insurance Payment Specialist examination offered by the Life Insurance Association of Japan, held in October 2008, bringing the cumulative total of those who have passed the exam to 1,548.

■ Upgrading Administrative Systems (See p. 43.)

Nippon Life started up its First Underwriting System in September 2006, enabling the unification and sharing of assessment data through systemization.

At present, we are moving forward with the development of the New Integrated System, a process that involves a drastic overhaul of our

existing main system and covers all areas and processes pertaining to customer service, from proposing and enrolling in an insurance policy to receiving insurance claims and benefits. Our goal is to have the system operational by 2011.

■ Improving Explanations to Customers (See p. 61.)

Nippon Life has improved the explanations it gives to customers about the payment of insurance claims and benefits by not only publishing the booklets *About the Receipt of Insurance Claims and Benefits and Guidance for Full Usage of Policies*, but also publishing pamphlets that summarize the reasons for payment, which we would like customers to

confirm, particularly in the pamphlet entitled *Information on “Consistent Protection, Superior Services,”* and through Policy Details Confirmation Activities.

In October 2006, Nippon Life opened a call center for receiving complaints about insurance claims and benefits payments.

■ Strengthening Medical Research and Development

The Medical Research and Development Office analyzes previously compiled medical data and the latest research in the medical and nursing

care fields while working to develop new products suited to customer needs and reviewing our underwriting standards.

■ Payment of Insurance Claims and Benefits

Life insurance is a system in which a large number of people participate in mutual support through insurance coverage in the event of sickness, injury or other unforeseen circumstances.

During the fiscal year ended March 31, 2009, Nippon Life made 78,396 payments of insurance claims and 667,905 payments of other benefits.

In contrast, as a result of appropriate benefit settlement assessment efforts, we determined that the payment of insurance claims should not be made in 3,011 cases and that the payment of other benefits should not be made in 9,000 cases.

Number of Policies Paid and Amount of Payments (Fiscal Year Ended March 31, 2009)

(Unit: Number of cases, Millions of Yen)

	Insurance Claims	Other Benefits
Number of payments	78,396	667,905
Amount of payments	¥696,212	¥126,277

Notes: 1. The above represent the total for individual and group insurance policies upon which claims were filed.
 2. Figures do not include policies that require no payment assessment, such as maturity benefits, survival benefits, single payments, annuities and other benefits.
 3. Regarding payments for group insurance underwritten by multiple companies, the figures include policies for which Nippon Life is the lead underwriter.
 In addition, the amount paid is calculated based upon the percentage of policies underwritten by Nippon Life, irrespective of whether or not it is lead underwriter.

Number of Cases for Which It Was Determined That No Payment Was Warranted (Fiscal Year Ended March 31, 2009)

(Unit: Number of cases)

Reasons for Denial of Payment	Insurance Claims	Other Benefits
Cases of fraud	0	0
Invalidation due to illegal acquisition	0	0
Cancellation of policies due to nondisclosure	132	506
Cancellation due to serious matters	0	2
Categorized as an exemption	476	205
Not categorized as a reason for payment	2,403	8,287
Total	3,011	9,000

Notes: 1. The above represent the total for individual and group insurance policies upon which claims were filed.
 2. Figures do not include policies that require no payment assessment, such as maturity benefits, survival benefits, single payments, annuities and other benefits.
 3. Regarding payments for group insurance underwritten by multiple companies, the figures include policies for which Nippon Life is the lead underwriter.

Reasons and Details for Denial of Payment

Reasons and Details for Denial of Payment	Content
Cases of fraud	Policies are rendered invalid in the event that fraudulent actions were taken by the policyholder or by the insured at the time when the policy was taken out. In such cases, premiums that have already been paid shall not be returned.
Invalidation due to illegal acquisition	If a customer enrolls in an insurance policy with the intention of illegally gaining insurance claims, said insurance policy could be invalidated. In such case, insurance premiums already paid shall not be returned.
Cancellation of policies due to nondisclosure	Policies may be cancelled in the event that the policyholder or the insured neglected to disclose important information that should have been disclosed, or disclosed false information at the time when the policy was taken out, whether intentionally or by gross negligence. In such cases, surrender benefits shall be returned to the policyholder.
Cancellation due to serious matters	After enrollment, policies shall be cancelled in the event that accidents are caused intentionally for the purpose of fraudulently obtaining insurance claims, or in the event of fraudulent acts, such as falsification of medical certificates to support a request of payment. In such cases, surrender benefits shall be returned to the policyholder.
Categorized as an exemption	Nippon Life may determine that the content of a claim falls in the category of an exemption under the terms and conditions of the policy. Examples: •A claim for mortality insurance claims following a suicide by the insured during the prescribed non-payment period. •A claim for mortality insurance claims following an accident caused intentionally by the policyholder or beneficiary or following an accident caused by the insured person's criminal activities.
Not categorized as a reason for payment	Nippon Life may determine that a claim does not qualify as a reason for payment under the terms and conditions of the policy. Examples: •A claim for serious disability insurance benefits for a disability that is not categorized as a specific requirement as stipulated in the terms and conditions of the policies.

The Insurance Act

The Insurance Act was established on May 30, 2008 and officially announced on June 6, 2008.

The Insurance Act is a new law that is independent from commercial law and constitutes the first major revision in nearly 100 years to the rules concerning insurance policies set forth until now in commercial law.

The Insurance Act is to take effect on April 1, 2010.

Provisions concerning the insurance policies of commercial law (established in 1899)

First major revision in nearly 100 years

The Insurance Act (established in 2008)

● Principal Revisions

The following are the principal revisions to commercial law regarding life insurance.

- Enhancement of provisions for the protection of life insurance policyholders
- New provisions for the prevention of moral risks
- Enhancement of provisions for changing beneficiaries
- New provisions concerning accident and health insurance

● Specific Content

The Insurance Act specifies the handling, obligation to disclose and change in the beneficiary named in an individual's legal will in terms of the time allowed for the payment of insurance claims. Further specifics are as follows.

① Time allowed for the payment of insurance claims

Commercial Law specifies nothing concerning the time of payment of insurance claims.

While it has always been necessary for the insurer to pay insurance claims once it has carried out the required investigation, including confirming that the insured event occurred, giving due consideration to the fact that payments need to be made as soon as possible, the Insurance Act newly establishes a provision regarding the time allowed for the payment of insurance claims.

Nippon Life pays interest in arrears in the event that the time taken for the payment of insurance claims has exceeded the time allowed for in the policy's terms and conditions.

● Policies in which people are already enrolled

In association with the enactment of the Insurance Act, a portion of the text of the Law applies to policies in which people are already enrolled prior to the Law's enactment. The applicable details (time allowed for the payment of insurance claims) are set forth in new terms and conditions.

② Obligation to disclose

In contrast to commercial law, under which the enrollee is responsible for deciding upon what constitutes a material fact and for disclosing said fact (the voluntary reporting obligation), under the Insurance Act, the enrollee must truthfully answer specific questions asked by the insurance company (the Question Answering Obligation).

Nippon Life has employed the Question Answering Obligation format for many years; therefore, its handling of business is well in line with the Insurance Act.

③ Change in the beneficiary in one's will

Commercial law makes no express provision for change in beneficiary. The Insurance Act includes an express provision for change in beneficiary and any change in the beneficiary named in an individual's legal will is recognized.

The new terms and conditions and the applicable details, period, etc., will be posted on the Nippon Life website (<http://www.nissay.co.jp> (Japanese only)). Nippon Life plans to post notifications of the new terms and conditions to customers.

Q Who can I contact and address any inquiries to regarding insurance?

Nippon Life is continually developing a variety of service channels to match customer needs. There are personnel readily available to consult with customers on a range of issues.

Inquiries about insurance may be directed to Nissay Total Partners (sales representatives) or by contacting an agency. Our sales representatives provide consultation and support to customers in such areas as finding products that match their lifestyle needs to policy enrollment and amendment procedures and how to file for insurance claims and benefits. Nippon Life is always ready to offer customers any assistance needed.

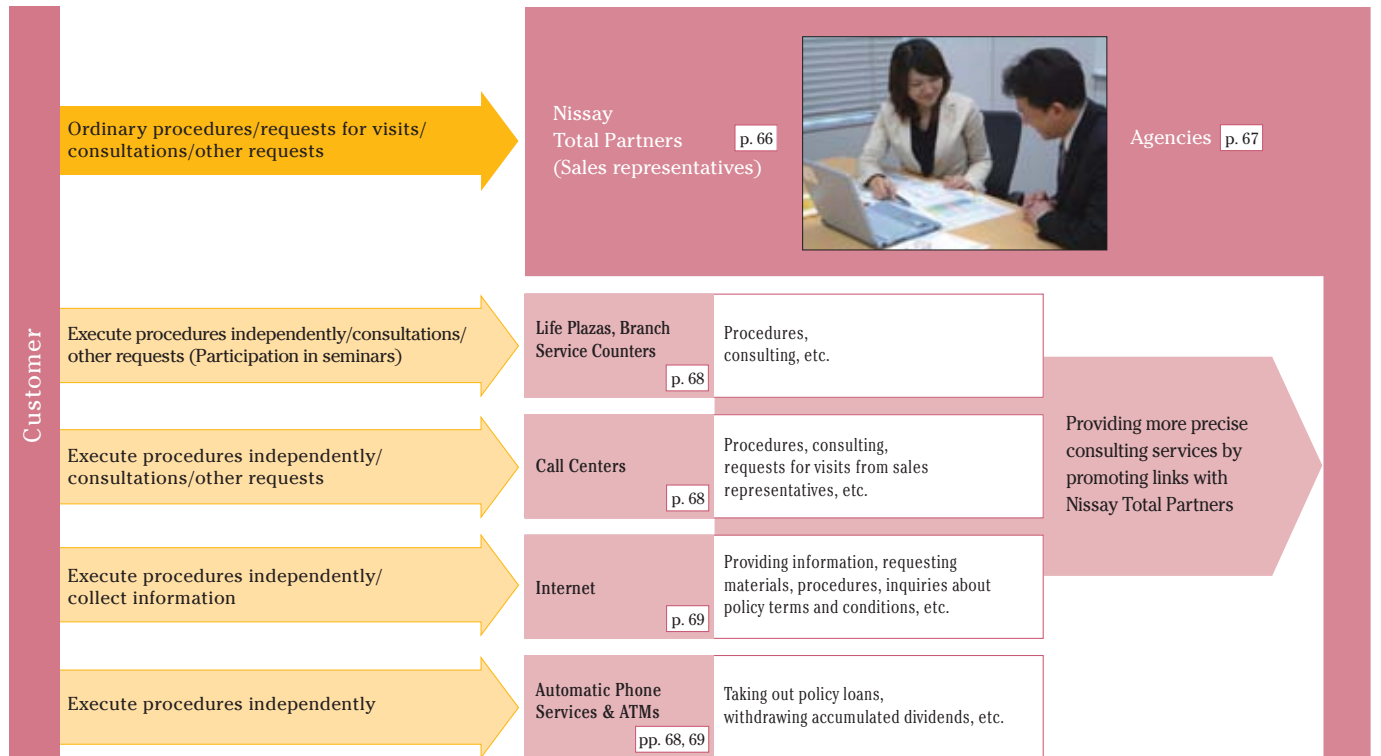

Life Plazas and branch service counters also provide consulting services. In addition to consulting on a range of procedures, our Life Plazas present regular seminars regarding public pensions, post-retirement asset investment, taxation, inheritance and other topics. We offer a

range of highly specialized consulting services to match customer needs. Also, our trained operators are always waiting to assist you at our call centers.

We are also expanding services available via the Internet, providing information about Nippon Life and our products. Through this service, customers may request materials as well as access information regarding their policies, take out loans and withdraw accumulated dividends. We hope that you will make full use of our Automatic Phone Services and ATMs.

We will continue to expand our network of sales representatives to cover customers throughout Japan while working to create new service channels in response to diversifying customer needs.

We invite you to contact your nearest Nippon Life sales representative.

■ Nissay Total Partners (Sales Representatives)

Nippon Life has a network of approximately 50,000 Nissay Total Partners (sales representatives) at 107 nationwide branches and 1,589 sales offices. Through this network, Nippon Life is able to respond to the needs of each and every one of its customers throughout Japan.

Nissay Total Partners seek to visit every customer at least once a year to help them with a variety of policy related procedures and provide them with the information they need.

We are also striving to enhance the abilities of personnel in order to provide precisely tailored consulting services. We encourage our Nissay Total Partners to obtain national certifications from the Ministry of Health, Labour and Welfare as financial planners as well as Japan Association of Financial Planners certification (AFP certification). These certifications require in-depth knowledge of not only life insurance, but also financial products, the social insurance system, real estate, taxation and inheritance.

Furthermore, we have equipped all Nissay Total Partners with *Duo* mobile consulting terminals that feature precise sales support and

consulting functions, making full use of our expanding IT infrastructure as we develop a system to enable Nissay Total Partners to respond to customer expectations on the spot.

Nissay Total Partners: Nippon Life sales representatives are referred to as Nissay Total Partners. The title embodies the concept of total service and total support for customers and their families.

Financial Planner (FP): A financial planner is a specialist who analyzes a customer's situation, including insurance, assets, liabilities, composition of income and expenditures, and composition of family. When necessary, he or she seeks the support of attorneys, tax accountants and various other specialists in such fields as insurance and real estate. Based on the analysis, the financial planner helps the customers create and implement comprehensive plans, including tax strategies, insurance plans, investment strategies and saving plans to enable customers to reach their life-plan goals.

Mobile terminals for consulting (*Duo*)

■ Education of the Nissay Total Partners

Through personal one-on-one consulting, Nissay Total Partners work to assist customers regarding all of their insurance needs, from recommending and reviewing insurance plans to the payment of insurance claims and benefits. Nippon Life places a special emphasis on in-depth training in after-sales service.

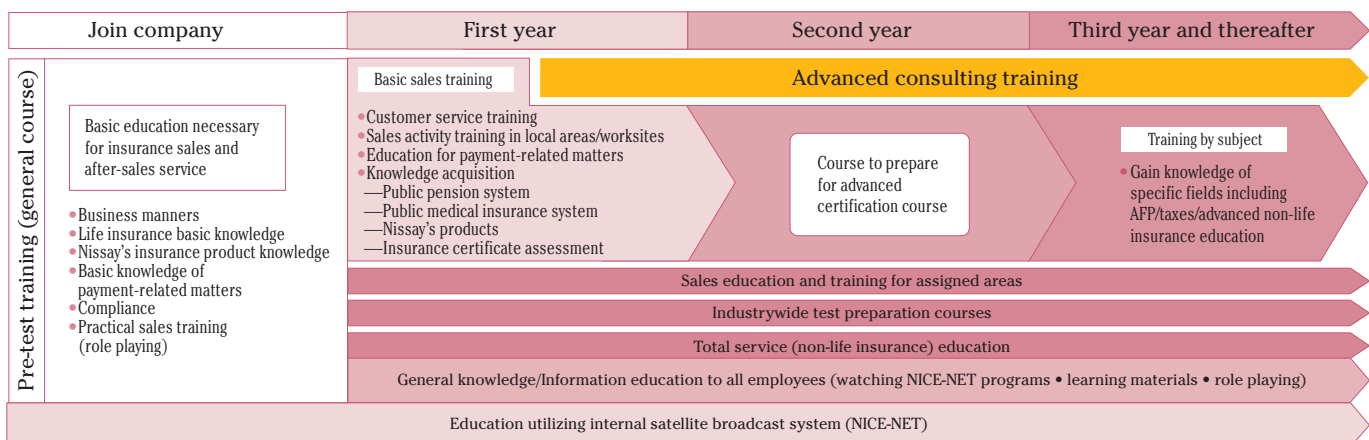

Training

Strengthening Our Training of Human Resources That Are Integrated with Sales Offices, Branches and Headquarters

Addressing the need for training within sales offices that it is tailored to the themes and issues of each branch and sales office, and in line with the overarching goal of training customer-trusted sales representatives, each branch office sets aside a place for discussion and study on a regularly scheduled basis, with the sales office manager playing a central role in all training.

- Sales offices: Model employees are given responsibility for the education of employees who have been with Nippon Life for less than two years and work together with general managers of the sales offices to lead basic insurance knowledge training, role-playing activities, compliance education and etiquette training programs.
- Branches: Personnel specialized in education work are deployed at the Training Center. In addition to sharing product knowledge and giving practical training in sales and payment administration, they accompany trainees on customer visits and provide support to employees responsible for the education of new employees.
- Headquarters: Intensive training is given to sales representatives in advanced consulting techniques, and leadership training is conducted in such areas as the coaching of employees responsible for education.

Education and Training Curriculum for Fiscal Year Ended March 31, 2009

■ Agencies

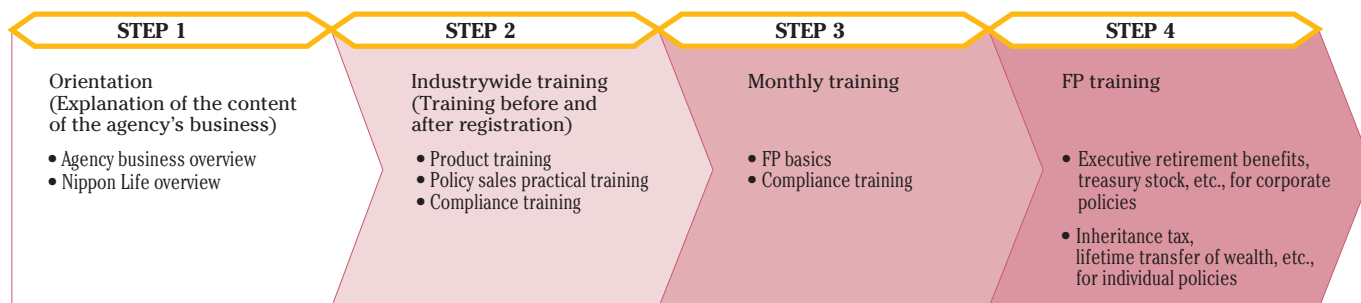

Forming agency consignment agreements, we have developed a network of 8,619 agencies (a year-on-year increase of 1,054 agencies) centered on tax accountants; professional life and non-life insurance sales agencies; major financial institutions and their related agencies throughout Japan; Japan Post Insurance Co., Ltd.; Japan Post Network Co., Ltd.*; and other organizations as of March 31, 2009.

Agencies consult on such topics as business transfers, executive retirement benefits and succession, mainly with corporate managers. Among these are agencies at the service counters of financial institutions that consult on asset formation, retirement coverage and other topics, and also sell our products.

There are approximately 700 managers throughout Japan who support these agencies. In April 2007, we began to employ personnel (agency partners, 272 as of April 2009) who specialize in agency support, and we are taking steps to provide high-level enhancement to this ongoing support system.

Aiming to respond to a wider range of customer needs, we are making an effort to expand our Internet-based sales support system

Agency Education Program

■ Life Insurance Sales at the Service Counters of Financial Institutions

Through an agency agreement forged with banks, credit unions and other financial institutions, Nippon Life sells individual annuities, single-payment whole life insurance and term life insurance through the service counters of these institutions.

Once you have enrolled in a policy, you are able to access us through the dedicated call centers of the participating financial institutions' product sales counters. Call centers enable us to provide such after-sales service as handling customer inquiries about policy content and account status and the processing of insurance claims and benefits.

In order to provide a wide array of in-depth services for customers, Nippon Life is working hard to improve the education and training of insurance sales-related personnel at these institutions with respect to product knowledge and sales skills, as well as to strengthen their compliance systems.

(A-Net) for agencies and strengthen their compliance systems by offering numerous types of educational materials and programs.

*Nippon Life began selling its products through Japan Post Insurance Co., Ltd. from June 2008, and Japan Post Network Co., Ltd. from October 2008.

A-Net (Nissay Agency Net): This is an Internet-based system that makes it possible for agencies to create the most appropriate proposals based on customer needs by accessing the Nissay Agency website. In addition to a proposal-creating function, there are various reference menus that are useful for agencies.

Compliance System: Based on a compliance program formulated in response to specific Agency Management Sector issues, Nippon Life implements self inspections of the internal organization in charge of agency sales, provides education and training for the personnel at Nippon Life in charge of agency sales, and conducts inspections, education and training for agencies.

Number of Cooperating Financial Institutions (as of April 1, 2009)

City banks/Trust banks	6
Regional banks	86
Credit unions/Credit cooperatives	213
Securities companies/Other	10
Total	315

Products Sold at Financial Institution Service Counters and Financial Institutions Handling These Products (as of April 1, 2009)

Single-payment whole life insurance	110
Fixed amount annuities	161

■ Customer Service Counters

We have established customer service counters, which handle all insurance-related procedures, provide consultations and respond to a wide range of customer requests, in 90 locations throughout Japan. Approximately 660,000 customers visit these counters annually.

As they constitute the face of Nippon Life, these counters aim to provide reliable service in order to gain customer trust. Toward that end, we are working to enhance the consulting ability of representatives, provide training and testing to expand their financial planning knowledge

and to improve the manner in which they receive customers. In the years ahead, we will continue to provide useful information to customers and meticulously meet their individual needs.

Nissay Life Plaza Marunouchi

Consulting

Nissay Life Plazas

There are Nissay Life Plazas in 85 locations throughout Japan. These customer service counters meet a wide range of advanced customer needs, including consulting related to medical insurance, nursing care insurance, taxation, asset investment and investment-type annuities, while handling insurance-related procedures and providing insurance-related advice. (as of July, 2009)

In addition, Nissay Life Plazas hold free seminars on various topics, provide tax accounting advice (in some locations), and, if desired by the customer, a staff member will visit a customer at home or another place for consulting in addition to providing various other services. (Some locations provide services on Saturdays.)

Branch Service Counters

Branch service counters have been established at five locations throughout Japan. These customer service counters provide services especially geared toward their particular regions while meeting immediate cus-

tomers' needs, such as handling insurance-related procedures, consulting, explaining policy content and assessing coverage.

■ Telephone

Nissay Call Centers

We are working to have specialist operators, who answer calls from customers throughout Japan, handle all requests, such as for changing addresses and PIN numbers as well as requests for insurance claims and benefits in a simple, convenient and efficient manner.

Nissay Call Center

Automatic Phone Services

Customers with Nissay Insurance Accounts can make use of this service to change PIN numbers, take out policy loans and withdraw accumulated

dividends through an automated voice directory.

Nissay Customer Centers*

Staff at Nissay Customer Centers contact customers by phone directly, including on Saturdays and Sundays, for a wide range of reasons, including to confirm customer policy content and to handle various policy

maintenance procedures. The centers also provide guidance on various insurance-related systems. The sales representatives in charge respond to policyholder inquiries through personal visits.

*Implemented in some regions.

Internet

Customers with Nissay Insurance Accounts may confirm policy content, conduct such financial transactions as policy loans and complete procedures, including address and telephone number changes, via the Internet. (See p. 59 for details.)

For customers who are considering enrolling in a policy or wishing to review an existing policy, Nippon Life provides a variety of information and has posted product and service-related information, including the

Policy Clause—Bylaws/Terms and Conditions on its website. In addition, customers may review insurance plans to find those that meet their individual needs as well as access a variety of content, including simulations that calculate the amount of their insurance premiums and the coverage they will require at times of sickness or injury or in worst-case scenarios.

Customers may also request product pamphlets and estimates for consultations from the website.

ATMs

Customers possessing Nissay Insurance Accounts cards may use them at any one of 55,000 ATMs nationwide.

Compensation for Damages as a Result of the Falsification or Theft of a Nissay Insurance Accounts Card

Nissay Insurance Accounts regulations were upgraded on December 29, 2005. As with banks and other financial institutions that are subject to the Depositor Protection Law, compensation for all or a portion of damages incurred is now available for specified cases.

*For details, please visit the Nippon Life website.

→ http://www.nissay.co.jp/okofficial/keiyaku/senyo/help/kitei_all.html
(Japanese only)

Depositor Protection Law: The official name is the Act on Protection, etc. of Depositors and Postal Saving Holders from Unauthorized Automated Withdrawal, etc. Using Counterfeit Cards, etc. and Stolen Cards, etc., which took effect on February 10, 2006.

Efforts to Strengthen Card Security

In order to prevent damage to customers resulting from the illegal use of cards, Nippon Life is making vigorous efforts to improve card security.

- Service is stopped in the event that a customer registers an easily inferred PIN number, such as their birthday or telephone number.
- Service is stopped in the event that an ATM is not used for a period of 10 years.
- Customers are sent notifications by post after withdrawals are made.

What is Nippon Life's solicitation policy?

■ About Nippon Life's Solicitation Policy

Always taking a customer-first perspective, Nippon Life believes that the provision of insurance is important and so it works hard to ensure that customers select the insurance most appropriate for them while taking into account the total needs of the customer. Accordingly, the Nippon Life Solicitation Policy sets forth the Company's approach to the sales of

insurance and other financial products. Included in this approach is ensuring that our solicitation activities are appropriate, which we achieve through the education and training of all employees and executives, the proper handling of customer information and responsiveness to a variety of customer feedback.

Further Advancing Our Customer-First Perspective—Nippon Life's Solicitation Policy

We sell insurance and other financial products in compliance with all laws, including the Insurance Business Law, Financial Instruments and Exchange Law, Sales of Financial Products Law, the Consumer Contracts Law and other laws and ordinances. The following is the policy under which sales are conducted and was created with the idea that customers come first.

<Sales and Appropriate Solicitation based on Customer Needs>

- Comprehensively taking into account customers' knowledge of insurance and other financial products, their purpose for purchasing the policies, their family situation and their asset status, we constantly carry out consultative sales so that customers choose the most appropriate insurance and other financial products while explaining products from the customer standpoint.
- Nippon Life uses policy guides and Reminders to explain policies in an easy-to-understand manner so that customers fully understand the content of insurance products and how they work and takes steps to confirm that the products match the needs of customers using the Plan Confirmation Document.
- In particular, for such products as variable annuities, foreign currency denominated insurance and investment trusts that entail market risk, we recommend those considered most appropriate for each customer's age, knowledge and investment experience while giving appropriate explanations regarding products and their risks.

- When explaining products over the phone or during customer visits, we take a customer perspective while giving sufficient consideration to time, place and other factors.
- We are striving to eliminate moral risk and ensure that proper notification is received from customers so that we treat all policyholders impartially and operate a morally sound insurance system. In particular, when underwriting life insurance policies that insure juveniles, we strive for proper solicitation by ensuring that the customers' needs are met once proper insurance coverage amounts have been established.

<Appropriate Solicitation Activities through Education and Training>

Moreover, we are doing everything that we can to ensure that our solicitation activities are appropriate by educating, managing and instructing all employees and executives through a systematic training program that includes compliance-related training.

<Proper Handling of Customer Information>

Nippon Life takes steps to properly manage, use and protect customer information.

<Responding to Customer Feedback>

Nippon Life is constantly gathering a wide range of opinions and suggestions from customers that it is acting on in order to increase customer satisfaction.

■ Educating Nissay Total Partners (Sales Representatives) and Reinforcing Principles

To be able to provide product proposals that are attuned to the needs of our customers, training programs are conducted as part of our Sales Office's morning assemblies as well as on other occasions; equipping sales representatives with the knowledge and skills they need as Nissay Total Partners.

Nippon Life considers it very important that customers enroll in policies only after they have understood the content of the policy. Sales representatives thoroughly confirm the needs of customers by taking time to explain key points using Prospectuses (policy guides) and Reminders, and through the use of Plan Confirmation Documents. (See p. 56.)

These rules are thoroughly reinforced through compliance education, etiquette training and practical hands-on training in life and non-life insurance. Specifically, all employees participate in companywide in-house training programs broadcast by satellite, take routine quizzes that test their comprehension and put the compliance text to practical use everyday.

Management at headquarters and regular internal inspections confirm training progress and ensure full implementation.

Compliance Text

Will my personal information be safe?

■ Efforts Related to the Protection of Personal Information

Nippon life is entrusted with the personal information of a large number of individual insurance policyholders as well as sensitive information related to customers' health conditions. Customer information is the foundation of insurance policy transactions, and, therefore, Nippon Life protects these customers' information assets carefully, recognizing that the handling of this information is an extremely important issue. Nippon Life has also established Personal Information Protection Policy. At the

same time, we have improved our information security system infrastructure, starting with the mobile terminals of sales representatives. Moving forward, we will provide even more thorough and stronger protection by following up on efforts related to the protection of personal information as well as by conducting employee training on this subject and other measures.

Personal Information Protection Policy (Handling a Customer's Personal Information)

March 17, 2005—Nippon Life Insurance Company

We have established policies regarding the handling of personal information and are working to properly protect, use and manage customer information in order to be a company that customers can trust. In

order to realize appropriate protection of personal information, we continue to maintain and improve this policy.

1. Information Collection

The personal information of customers is collected to the extent required to conduct business, specifically, to underwrite various insurance policies, continue and maintain management, and handle payments, such as for insurance claims and benefits.

2. Types of Information Collected

We collect information necessary to the conduct of business, underwrite various insurance policies, conduct continuation and maintenance management, and handle payments such as insurance claims and benefits.

This information primarily includes a customer's address, name, date of birth, state of health and occupation. Furthermore, for other types of products and services we offer, customers provide additional information necessary to conduct business.

3. Information Collection Method

We collect customer information using legal and impartial methods. The information is mainly collected through policy applications, contracts and surveys. Furthermore, there are times when information is gathered over the Internet and through postcard surveys/mailings when conducting various activities including campaigns.

4. Purposes of Using a Customer's Personal Information

A customer's information is used in the following:

- (1) Underwriting various insurance policies, conducting continuation and maintenance management and handling various types of payments, such as insurance claims and benefits
- (2) Explaining and providing various products and services, including those of related and affiliated companies and conducting policy maintenance
- (3) Providing information concerning our business, managing our operations and expanding our lineup of products and services
- (4) Other insurance-related business

The purposes of these uses are given in our Personal Information Protection Policy, which is available through our website, *Disclosure Report* and elsewhere. Furthermore, when personal information is collected directly from customers, the purpose of the use to which it will be put is clearly explained to the customer at that time.

5. Information Management

In order to guarantee that a customer's personal information is up to date and correct, we take the appropriate steps necessary to conduct business. Furthermore, we implement measures deemed necessary and appropriate for the safe management of a customer's personal information in order to prevent its inappropriate access, leakage, loss or destruction.

6. Provision of Information

- (1) As a general rule, we do not provide a customer's personal information to third parties without receiving consent from the customer.

This includes the following situations:

- 1) Providing customer information to Nippon Life Group companies, including Nissay Dowa General Insurance, in order to provide services related to Nissay Insurance Accounts
- 2) Providing customer information to our related and affiliated companies in order to explain and provide various products and services.
- (2) However, in the following situations, we will provide customer information to third parties without customer consent
 - 1) When the provision of a customer's personal information to a third party without customer consent is permitted by Article 23, Clause 1 of the Law Related to Personal Information Protection (Personal Information Protection Law) or other laws and regulations
 - 2) When the provision of a customer's personal information to firms that Nippon Life has outsourced work to is necessary to Nippon Life's continued business
 - 3) When sharing a customer's personal information as stipulated by the Personal Information Protection Law
 - 4) In other cases where the Personal Information Protection Law permits the provision of a customer's personal information without customer consent

7. Disclosure, Revision, Suspension of Use and Erasure of Information

When a customer requests that their personal information be disclosed, revised, not used or erased, the appropriate action will be taken after confirming the customer's identity unless there is special reason not to do so.

8. Compliance with Related Laws and Regulations

Regarding customers' personal information, we conduct business in a manner that adheres to all aspects, such as definition, attitude and handling, of the Personal Information Protection Law, all other related laws, regulations and guidelines, and the Life Insurance Association of Japan's guidelines on handling personal information protection for the life insurance industry.

9. Establishment of and Improvements to the Compliance Program

In order to guarantee that customers' personal information is being handled appropriately, a compliance program was established that all our employees, the firms to which we have outsourced work and other related parties have been made thoroughly aware of, and we conduct necessary and appropriate supervision. Furthermore, we review and revise the policy and the compliance program when necessary.

10. Customer Requests Regarding Personal Information

Customer requests regarding the handling of their personal information are received at the personal information counter and processed in an appropriate and efficient manner.

I am the owner of a company. How can I offer improved benefit plans to executives and employees?

Nippon Life offers a broad range of products and consulting services to match the needs of corporate managers/company owners who are working to enhance benefit plans for their employees.

■ Nippon Life’s Main Corporate Products (as of July 2009)

■ Self-reliant products: Insurance premiums that are borne not by the corporation or organization, but by the executives and employees themselves.

Company and Organization Benefit Systems		Products That Meet the Needs of Company and Organization Benefit Systems		
Provision for executives and employees	Survivor coverage	<ul style="list-style-type: none"> Plan for retirement funds payable on employee's death and condolence payments Non-statutory workers' accident compensation plan Plan providing pensions for surviving family/children 	<ul style="list-style-type: none"> General Welfare Group Term Life Insurance

*The *Key Man* plan is an individual insurance and annuities policy handled by a corporation. (See p. 54.)

*Although the above lists the names of Nippon life products that pertain to company and organization benefit systems, it does not cover all the particulars pertaining to policies. When reviewing a policy, always confirm by reading pamphlets, *Bylaws/Terms and Conditions*, Policy Clause, pre-contract documents based on Article 37-3 of the Financial Instruments and Exchange Law as Applied Mutatis Mutandis, *Especially Important Notifications*, and other documentation.

■ Expansion of Corporate Services (Nissay Corporate Internet Service)

In an effort to expand its corporate services, we started the Nissay Corporate Internet Service in April 2009.

This is a free Internet-based service for corporate customers who have registered for it that provides information on the content of

policies they are enrolled in as well as accounting-related information on premiums paid during the fiscal year and that allows customers to make financial transactions in response to urgent financial needs, such as taking out policy loans and withdrawing accumulated dividends.

Available Services

- Inquiries about policy content
- Inquiries about accounting-related information
- Information on future receipts
- Various financial transactions (application for policy loans and withdrawal of accumulated dividends, deferred special payments and deferred insurance amounts)

Policy content information

Accounting-related information

■ Group Insurance (Provision for Unexpected Events That Affect Employees)

Building Attractive Employee Benefit Plans

In addition to providing general welfare group term life insurance to support surviving family members in the event of an employee's death, Nippon Life is moving ahead with consulting related to optional group term life insurance for employees as well as with proposals to meet increasing needs to establish employee benefit plans that meet the needs of both corporations and employees. These efforts involve introducing products that meet increasing demand for medical coverage.

In addition, Nippon Life is working to strengthen its comprehensive consulting in fields that straddle the boundary between life and non-life insurance through such offerings as optional group term life insurance and the group long-term disability insurance provided by Nissay Dowa General Insurance, as well as comprehensive group accident insurance together with group medical/cancer insurance plans.

Efforts in Administrative Services

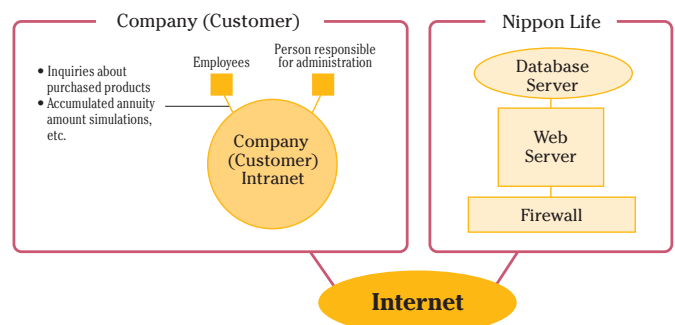

In the field of self-reliant products, Nippon Life has established call centers to handle inquiries and provide policyholders with a single notification that covers the various products they have purchased. In the fiscal year ended March 31, 2009, Nippon Life also introduced an automatic pamphlet creation system for employees. Through these efforts, we are striving to reduce the burden of system administration for persons responsible for personnel management and increase convenience for employees.

In response to companies' introduction of information technology, Nippon Life also offers the Nissay Life Navigation System, which individual policyholders can access online. This includes such functions as inquiries about purchased products and accumulated annuity amount simulations that can be accessed via the customers' intranets.

Efforts in Administrative Services

Nissay Life Navigation System

■ Group Annuities

(Supporting Corporate Customers' Preparation for Employee Retirement Allowances and Pensions)

Commissioned Systems to Strengthen and Specialize Group Annuities Services

As a commissioned organization that can provide a combination of defined benefit corporate pensions and defined contribution pensions, we utilize the strength of the entire Nippon Life Group to offer high-

quality services in a wide range of areas, including plan design, plan management, trust and custody, and asset management.

Commissioned Systems to Strengthen and Specialize Group Annuities Services

Consulting for Corporate Retirement Allowance and Annuity Systems Design

Nippon Life provides a wide range of services, including consulting on retirement allowances and annuity plans by actuaries and system design specialists, and the verification of the effects of system changes on corporate and annuity finances.

The preferential tax treatment for tax-qualified pension plans will end at the end of March 2012. If Nippon Life does not apply to another

tax-qualified pension plan system, it is expected to have a major impact from April 2012. For example, a surtax could be imposed on insurance premiums as employee income tax (deemed salary taxation) for contributions. As a preeminent tax-qualified pension plan institution, Nippon Life is working to provide customers with information on the new system while supporting them to ensure a smooth transition.

Defined Benefit Corporate Pension

In addition to its advanced consulting service, which has been providing customized insurance plans, Nippon Life has designed a contribution-based plan that primarily targets customers with enrollments of between 50 and fewer than 250 people, and has designed a defined benefit corporate pension that a wide range of customers will find suitable.

The defined benefit corporate pension has been instituted at 5,008 companies (according to the Life Insurance Association of Japan; Nippon Life has instituted it at 1,025 companies*) throughout Japan as of March 31, 2009, and further growth is expected.

*Policies solely managed by Nippon Life

Defined Benefit Corporate Pensions: These are defined benefit-type plans, which are like tax-qualified pension plans in that the amount of benefits is predetermined. They come in two types, contract type and foundation fund-type. The protection of pension rights is the primary purpose of the new pension system that was enacted into law in April 2002.

Defined Contribution Pensions (401k Pensions)

Nippon Life provides improved services that include a call center that enables clients to get answers to all questions with a single phone call, high-quality investment training by our own in-house experts and consulting and administrative support for business owners. We have created a structure that can be managed by a single company and meets a wide range of needs, from system introduction to daily management. As an investment and management organization, Nippon Life has obtained 454 (as of March 31, 2009) outsourcing contracts in this area, the highest in the industry. We also provide a variety of products that are appropriate for long-term annuity investments.

Defined Contribution Pensions (401k Pensions): These pension plans are based on fixed contributions and set benefits determined by the performance of individual's investments. They come in two types. With the Corporate Plan, the firm pays the contribution for employees. With the Individual Plan, individuals pay the contributions themselves. These pension plans are based on pension laws that went into effect in October 2001.
